

Learning Model YR

Our teacher will share the topic overview with key words and pictures.
?????????

What do I already know?
Our teacher will ask us questions and we will answer them with our 'Learning Partners.'

How am I learning?
How will I succeed?
Our teacher will share the learning objectives for the lesson, the success criteria and any key words.

What am I learning and thinking?
Our teacher will collect our ideas and build on from these ideas.

How am I showing my learning and thinking?
We may work on our own, with a partner or within a group. Our learning could be adult led, adult initiated or child initiated in the Early Years Learning Environment. We have opportunities to self and peer assess.

Brain Break/Gym
We exercise our brains when we are learning. Sometimes we give them little rests too!

What have I learnt?
We will tell the class what we have learnt and how we can improve our work.

Use different types of music to support different types of learning and transition

Use visual prompts to support this process whenever possible

Brain Break/Gym
