

Hove Learning Federation After School Club

We offer wraparound care for your child at our Hove Learning Federation After School Club, based at the shared School Road canteen for West Hove Infant and Hove Junior Schools.

Children attend straight from school until 6:00pm. During this time they can enjoy Lego and construction play, arts and crafts, board games, cookery activities, reading, and supervised playground play.

Our club provides a safe and relaxed space for children to unwind after a busy school day, build friendships and explore their interests, supported by our experienced school staff team.

Reception children also have access to a quiet room in the Children's Centre, offering a calm and comfortable space to relax.
