

## What are we learning in PE this half term?

### YR

Reception have been taking part in dance. They have been learning ways to physically interpret the story 'We're Going on a Bear Hunt' Squelch Squerch!

### Y1

Year One have also been learning about dance. They have been creating and performing short dances about 'Toys' that communicate different moods, feelings and ideas.

### Y2

Year Two have been learning all about net games. They have been developing their throwing and catching techniques and learning the basic principles of attacking and defending

We also take moments throughout the day to do physical activity challenges and mindfulness. These act as small breaks to help shake off some energy and feel calm and relaxed. This gets everyone ready for learning again and helps to support well-being.

## What else has been going on?

West End in Schools delivered Diwali dance workshops to our Year 1 and Year 2 classes. Lead by a West End choreographer, the children were encouraged to vividly imagine and physically embody the different roles and dramatic situations to retell the epic story of Ramayana through dance.

## What sporty fun is coming up?

### SANTA DASH!

This is a fun run children will take part in during the school day. We will be completing laps of the playground and listening to some of our favourite tunes. Children are welcome to wear festive accessories, such as Santa hats, if they wish. More details and dates will be sent out nearer to the time.

### Keep active at home

Check out BBC Super Movers. You can practise your learning and keep active all at the same time!
